

Dear Parents and Students,

As a Verizon Innovative Learning School, Andover Middle School provides its students with an iPad to use both at school and for learning at home. Students and their families are responsible for the care and maintenance of the devices during the time the iPads are on loan to students. Every family reviewed and signed a User Agreement/contract at the beginning of the academic school year agreeing that the family is responsible for caring for the device while on loan. Unfortunately, there has been an increase in lost/stolen and/or broken iPads among our student population. Please remember that when devices break (e.g., cracked screens), there is a 2–4-week turnaround time, during which time the student is still responsible for continuing to complete and stay up to date with class assignments. Not having a device is no excuse for not completing schoolwork. Please keep in mind the financial burden that comes with each breakage:

Additionally, at the end of the academic school year, all devices must be turned in to the school site. All students must return their district-issued device to avoid incurring a possible fine for not returning the device.

Best,

Mr. Malcolm Nicholas, Principal
